## The Power of Leadership

When brilliant minds work together to create  
a school that cares, "It is called the Joy of Learning"

Founded in 2007 by MMT, MMIS aims at the holistic development of its students in all grades towards enriching the quality of life. We understand that the popularity of any school cannot be accidental. A careful planning, the selection of excellent staff and willingness to innovate in education has contributed to a very high level of academic success achieved by our students under various M M Institutions.

We set the highest standards of academic achievement, intellectual growth, ethical awareness, behavior, sportsmanship and other good qualities for our students in our schools.

We believe that job of an educational institution is to help every child bring out his or her own unique talent. The MMIS curriculum and the ingenious & hand-picked staff aim to deliver a wide variety of physical, intellectual, emotional and spiritual activities. This enables students to have a deeply gratifying learning experience, develop them into a Human Being and remain engaged with the learning process as a result.

One of the most important decisions, that any family takes, is the school they choose for their ward's education. I invite all of you to experience the rich tradition of quality education set up by us at MMIS.

# MM INTERNATIONAL SCHOOL

Globalization has paved the way for new opportunities and hence the profile of the winners and leaders in this new age is changing. The schools, only next to the family, have a special responsibility. They must equip the children with positive attitude and skill sets essential for winning in this competitive information age. Hopefully our Information Booklet will provide you with useful information and enable you to gain an insight into our schools.

Inculcating love for learning is key focus, which is achieved by delivering a creative, interesting and balanced curriculum, which is updated regularly, keeping in mind the need of the hour. Equal care is taken for creating a caring and supportive environment which in turn develops confidence level in children and enables them to articulate feelings and ideas. Furthermore, we ensure that the students feel good about themselves and acquire a high level of self esteem which assists them in possessing a positive moral responsibility, being supportive, sensitive and above all, aware of the needs of others.

Strong bond amongst the students, parents and children is the strength of MMIS. Parents' support and cooperation is encouraged at all the levels. The school strives hard that all the students at the time of leaving the school walk out with positive experience and are prepared to move on to the next phase of their education.

**OUR VISION & MISSION**  
**EXPLORING INCLINATIONS, NURTURING TALENT,**  
**IDENTIFYING DREAMS, EXPRESSING THOUGHTS,**  
**DEVELOPING CONFIDENCE,**  
**HAVING 360 DEGREE GROWTH**

## MISSION

Our mission is to nurture the young intellect to break the barriers of stereotype, think out of box, be innovative, adapt, compete, achieve the greatest goal, have strong will power, determination and work tirelessly with firm commitment and focus to execute their vision on the practical plane of life.

## OBJECTIVE

- To build a firm foundation of learning and knowledge essentially required to enable the students to pursue career of their choice with excellence.
- To develop self-confidence through a sense of responsibility and leadership in every walk of life.
- To develop total personality of the students and encourage them to look beyond the beaten tracks.
- To develop today's young children into mature, responsible and well-rounded citizens of the country.
- To inculcate in the students a sense of mutual respect, universal brotherhood, love, affection and respect for elders.

MMIS enables students to develop a realistic approach towards life where responsibilities must be assumed, failures accepted and tragedies lived through, without losing sight of an inspiring idealism. Within this context, they learn to love and respect all the members of society without any distinction of colour, caste, sex or religion. It endeavours to teach everlasting values so that the students can contribute positively to their local and global communities.

## **Vibrant Learning Experience**

### **Philosophy of the School**

The deep rooted philosophy of the school is "Fine blend of Academics, Sports & Co-Curricular Activities" and to achieve this goal, equal emphasis is being laid on all three aspects Instruction, Training and Coaching. Trained and qualified teachers and coaches, who have got a vast ocean of experience in their respective fields are engaged to enable the students become versatile and multifarious personalities.

We are a School, where teaching is done by the people, who inspire, encourage and create the "Joy of Learning"

### **Faculty**

Students have unique needs and must receive unique instruction. This job is best done by the teachers, who can paint great pictures in the minds of young students and can travel comfortably with them because they understand their needs. Highly qualified, experienced and dedicated teaching staff takes pleasure in helping students gain knowledge & skills and takes care of what children need to learn.

**MM INTERNATIONAL SCHOOL**  
a truly **global** school

**A vivid place for  
the little ones  
to grow**

### **Classrooms**

The airy and spacious classrooms are well designed, subject-oriented with plenty of natural light and ventilation with ample working space.

### **Library**

An ultra modern computerized library acts as a resource centre equipped with a large volume of books for the benefit of students and staff. Besides acting as a comfortable and ideal platform for self study, it also has a treasure of a variety of resource material like journals, magazines, Digital Media, computer software and multimedia stations which accelerate the growth process. Students have access to both Indian and foreign origin reading material. Thus, good reading habits are inculcated in the students at MMIS. It also has a separate seating arrangement for students of pre-primary classes.

### **Laboratories**

There are well equipped laboratories with excellent facilities for practical work for different streams of Science, Math and Social Science. The children get hands-on experience which compliments the theoretical knowledge.

## Computer Labs

Small opportunities are often the beginning of great achievements. Knowledge of computer is imparted to the students right from the primary section. The separate computer labs for primary and secondary students are equipped with ultra modern and latest hardware and software. Well-trained, competent and experienced teaching staff gives ample guidance and caters to the needs of the students. Internet access to source websites and other information for educational purposes is also being provided to the budding computer wizards.

## Audio Visual Lab

Spacious air-conditioned audio-visual labs are available for the benefit of students, which are utilized for multimedia presentation and for supporting teaching and guest lectures. There is an excellent collection of films and documentaries based on education and also for their entertainment. These labs also facilitate Computer Interactive Aided Learning.

## Language Lab

Language is a medium of communication. Learning of a language is an ongoing process. The approach now a days is quite scientific and communicative. The language lab consists of a system, making use of audio-visual aids and the experts enable students to work under their able guidance to enhance their vocabulary, proper pronunciation and correct diction. Acquiring linguistic perfection is the basic aim of the language laboratory.

## Music Room

MMIS provides a wide spectrum of opportunities for students in the field of music. We believe that real enjoyment is enjoyment with self. It is not having things, but in having mastery and victory over oneself. To enjoy the spirit of music, training and guidance in both Indian and western music is imparted with the help of a whole array of instruments.

## Art Studio

Practicing art brings peace and a sense of happiness to the young minds. A separate art studio caters to the needs of different types of art from basic drawing, sketching and painting to professional coaching in the same fields.

## Dance Drama Room

A very convincing form to express one's feelings is through the art of dance and drama. Coaching is provided to the students to learn all types of dance forms, Indian and western. Drama and theatre interests are also given due importance at MMIS.

## Public speaking

Public speaking skills have been known to be very effective in developing confidence, self belief, oratory, leadership and quick thinking along with eliminating anxiety and shyness. MMIS strives to develop excellent public speaking skills in every student through quiz, debate, elocution, speech, etc.

### Spoken English

English is considered to be a language of professionals as it is universally accepted and bridges the gap between people from different countries and religions. Many a times, even bright and intelligent young men and women face a lot of difficulty in expressing themselves during interviews/ discussions, etc.

just because they are not well versed with the language. At a young age, it is much easier to make a child learn a language than when he/she is grown up. MMIS lays a special emphasis on proper spoken English and the correct method of conversation. Teachers communicate and interact with children only in English and thus, they pick up the language at an amazing speed and in a natural way.

### Co-curricular Activities

Various Inter-class, Intra-class and Inter-house activities are organised on regular basis for all the classes right from class Nursery onwards to explore the hidden talent of the students and to provide them ample opportunities to groom their talents and potentials accordingly .

### Personality Development And Grooming

As the popular belief goes, first impression is the last impression. Personalized grooming is provided to students. A certain quality of finesse is added to different age groups wherein manners and etiquettes are taught. Strong emphasis is laid on various aspects of personality development, value based education, public speaking, conversational skills, etc. All these are incorporated as a part of the development process. The objective is to empower students to face challenges of life with confidence and optimism.

**MM INTERNATIONAL SCHOOL**  
a truly **global** school

## Sports

The school has excellent sports infrastructure with coaches who impart training in various games and sports. They help students in making their presence felt at different levels of sports competitions and tournaments.

## Outdoor Sports

Motivation is what gets one started; habit is what keeps one going. Outdoor sports include facilities for Volleyball, Lawn Tennis, Skating, Football, Cricket, Basketball, Kho-Kho, Martial Arts, Hockey etc. We also have a 400 meters 8 lane track for athletics.

## Indoor Sports Complex

A huge indoor sports complex houses facilities of Badminton, Table Tennis, Basketball, Squash, Swimming, Gymnastic, Aerobics, Carom, Chess, Yoga and Meditation, etc.

## Safety, Care and Security

## Residential Life @ MMIS, Mullana-Ambala

Residential life at MMIS is a positive and an effective force in constructively channelising, focusing students' energies and broadening their horizons.

Every child finds his 'home' - the best place in the world. It provides refuge and a place for healing, relaxation, laughter and togetherness. If this is the meaning of a home, the role is well assumed and performed by the boarding house at MMIS. It is a residential home replete with the comforts, community life and care associated with a home. It is like 'A home away from home'.

Students in each dormitory are taken care of by a dorm father or a dorm mother. They report to the block-in-charge, who heads the residential blocks. Each block has a separate entertainment-cum-leisure room which provides facilities for board games like Table Tennis, Chess, Carom etc. A separate unit of television is also available. There is a small in-built library in the hall itself for the students, who are fond of reading. There are well maintained and clean sanitary blocks with

round the clock hot and cold water supply. Storage rooms for luggage and footwear are attached to each dormitory.

The caretakers help the students overcome all kinds of difficulties pertaining to academic, personal, co-curricular activities, etc.

The designs of the buildings are perfect to live in harmony with others.

MMIS is not just an access to world class academic, co-curricular and extra-curricular activities, it is mainly about giving your child the best experience of life by being together, nurturing and grooming hobbies, developing interests and innovating new concepts & ideas.

At MMIS, the child has the privilege of enjoying a whole gamut of facilities in the field of academics, sports and co-curricular activities. Enrichment classes are also organised for the students, who struggle in certain subjects. They learn the importance of sharing, being together, learning and moving ahead together.
